**Happy New Year GVB Members,**

### ¡Thank You! Marborg Industries & Camino Real Marketplace

We finally found a home for our storage container that is generously on permanent loan from Marborg. It has been at the Camino Real Marketplace courtesy of the management office and owner Mark Linehan, and we're happy to be giving them their space back. It is now in a gated facility in Old Town Goleta. *We are grateful for the continuing support of our community partners, Marborg Industries and Camino Real Marketplace!*

### Preparing for El Nino Event

In December GVB cosponsored Preparing for El Nino event at the Goleta Valley Community Center. We had great presenters from Goleta Water, County Flood Control, Santa Barbara County Fire Department and others. The event was mostly concerned with flooding, downed trees and the like, but Ryan from Goleta Water also went over the expectations for water use in the spring and summer depending on rain fall amounts between now and the end of March. We hope to see the event on the Community Film Studio YouTube channel shortly.

### Monthly E-News

Rather than a printed newsletter, we send monthly E-News to conserve costs and save a tree. If you would like to submit an article, share an upcoming event or request content you'd like to see, please let us know!

As always, if you have questions, comments, suggestions, or a project that you think GVB should tackle in our Beautiful Goleta Valley, please let us know.....

***Thank you for your support and enjoy the rain!***
